laschuetza@laschuetza.es

We´d like to introduce ourselves as a sales platform with easy access to supermarket organizations, importers, wholesalers and food producers all over Europe.

Laschuetza,S.G. has bridged the gap between producers and importers on European and world markets since 1913.

We keep you readily informed about market movements and chances and provide the feedback and information you should need on the spot .

We scan each and every item to our customer´s advantage,managing the most favourable terms and conditions for our partners.

We also keep you updated on the hour about orders, seasons, stocks, crops and market opportunities , doing our best for you.

We deal with a wide range of food products, most of it canned food which includes a variety of seafood, fish, meat fruit and vegetables in different sizes, packages, qualities and preparations, according to our customer´s taste and wishes.
